Special thanks to our first bronze sponsors of the AEGPL Congress:

For the first time, the Congress offers sponsorship and advertising values to help you detail your products and services, and draw more traffic to your booth. We are pleased to announce our first two sponsors at the Congress: Fisher LP-Gas Equipment (part of Emerson Process), and Corken (part of IDEX/ Liquid Controls Group). Gain more visibility, help your customers find you, and tell them why your products and services are what they need! Opportunities are detailed here on these forms: [AEGPL Advertising Form](#) and the [AEGPL Sponsorship Form](#).
